San Francisco, California

As a Front-End Developer & Designer, my goal is to develop seamless and beautiful experiences on the web! Having learned about how to build Full-Stack applications allows me to efficiently communicate between Back-End software engineers and Front-End design facing team members. I am an adaptive life-long learner and cannot wait to work with a dedicated team.

EDUCATION

Software Engineering Immersive
General Assembly, San Francisco
480 hours of Full Stack Instruction

Web Design & New Media
Academy of Art University
San Fracnisco, California
Associates of the Arts Degree
